**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Yaakov Schatz (Reg. No. 44,320) on June 08, 2006.
3. The application has been amended as follows:

**IN THE CLAIMS**

**Claim 1.** (Currently Amended) A method for controlling the viewing of copyrighted information, transmitted from a data source, on the Internet, comprising:

receiving, by a data source, a request for information from a client;

transmitting information in an original format, from the data source to a proxy server, responsive to the request;

converting the information, at the proxy server, from the original format to a modified form, ~~in which the information is less available for copying than in the original format~~ wherein converting to the modified form comprises temporally modulating a display of the information in a manner which hinders copying of the information;

Art Unit: 2155

transmitting the modified form of the information to the client; and

displaying the modified form of the information at the client so that the displayed information differs from the original format in a manner the information is less available for copying than in the original format.

**Claim 4.** (Cancelled)

**Claim 13.** (Cancelled)

**Claim 34.** (Currently Amended) A method according to claim 43, wherein converting the information to the modified form, ~~in which the information is less available for copying~~ comprises converting at least one text object to at least one non text object.

**Claim 35.** (Currently Amended) A method according to claim 43, wherein converting the information to the modified form, ~~in which the information is less available for copying~~ comprises converting at least part of one static to a dynamic object.

**Claim 36.** (Currently Amended) A method according to claim 1, wherein converting the information to the modified form, ~~in which the information is less available for copying~~ comprises inserting advertisements into said displayed information.

**Claim 52.** (Cancelled)

Art Unit: 2155

**Claim 55.** (Currently Amended) A method according to claim 5354, wherein displaying the modified form comprises displaying by the simple browser using an applet.

**Claim 57.** (Currently Amended) A method of providing copyright information by a server between a data source and a client computer, comprising:

receiving information in a first format;

determining that the received information requires format conversion for copyright protection;

converting the information in to a second format, in which display of the information is easily accessible to the senses of a consumer, but is less accessible to data manipulation tool on a computer performing the display, than in the first format; and

displaying the information in the second format, by a the client computer so that the displayed information differs from the first format in a manner the information is less available for copying than in the first format.

**Claims 63-67.** (Cancelled)

**REASONS FOR ALLOWANCE**

4. The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-3, 5-12, 14-16, 18-23, 25-27, 34-36, 38, 42-44, 51, and 53-62 are allowable over the prior art of record.

The examiner has found that the prior art of record does not disclose or teach or suggest or render obvious a specific combination of a method for controlling the viewing of copyrighted information having the steps of converting the information, at the proxy server, from the original format to a modified form, wherein converting to the modified form comprises temporally modulating a display of the information in a manner which hinders copying of the information OR in which display of the information is easily accessible to the senses of a consumer, but is less accessible to data manipulation tool on a computer performing the display, than in the original format; and displaying the modified form of the information at the client so that the displayed information differs from the original format in a manner the information is less available for copying than in the original format as set forth in the specification and recited in the independent claims 1 and 57.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance OR Examiner's Amendment."
